World, what you got for me?

We are not shining stars

No one cares when you are wrong

All the better just to please you

I've seen this room and I've walked this floor

Saw the stars crashing

We're so close to something better left unknown

Now I've drunk a lot of wine and I'm feeling fine

...

Maybe is a vicious little word that can slay me

All I wanna do is try and make a connection

...

Cause we are free and never meant to be

Wind is on my neck

There goes the fear again, let it go

Oh, say say say

You started this fire down in my soul

...

Television rules the nation

Cause I know that you're living a lie

Many rooms to explore, but the doors look the same

This is a gift, it comes with a price

Somewhere in the crowd

Park that car, drop that phone, sleep on the floor, dream about me

And we don't know just where our bones will rest

Floating, falling, sweet intoxication

...

The whole world stops and stares for a while

And we don’t care about our own faults

There’ll be tenderness in the air.
